

Farhan Ali

Senior Software Engineer / Software Developer at
ArhamSoft (Pvt) Ltd.

I have been working as a Senior Software Engineer for the last 5 years. I've performed the development and support of various projects starting from simple landing pages up to large web portals.

I have a profound knowledge of PHP 7.*, Laravel, Codeigniter, MySQL, JavaScript, JQuery, AJAX, JSON, React.js, Blockchain, Smart-contracts, NFT, Ethereum, Binance, Solana, as well as CMS, like WordPress, Shopify. Additionally, I have good knowledge of the MERN stack as well.

My English is rather fluent so communication is not a problem.

Being flexible, reliable, and open-minded makes it possible for me to meet almost every special requirement you have to your offer.

Tools: Laravel

If a man finds himself with bread in both hands, he should exchange one loaf for some flowers, since the loaf feeds the body indeed, but the flowers feed the soul.

A flower's appeal is in its contradictions – so delicate in form yet strong in fragrance, so small in size yet big in beauty, so short in life yet long on effect.
